

# Workshop feedback (WS-P2)

Workshop on identifying negative consequences (31 March 2021)

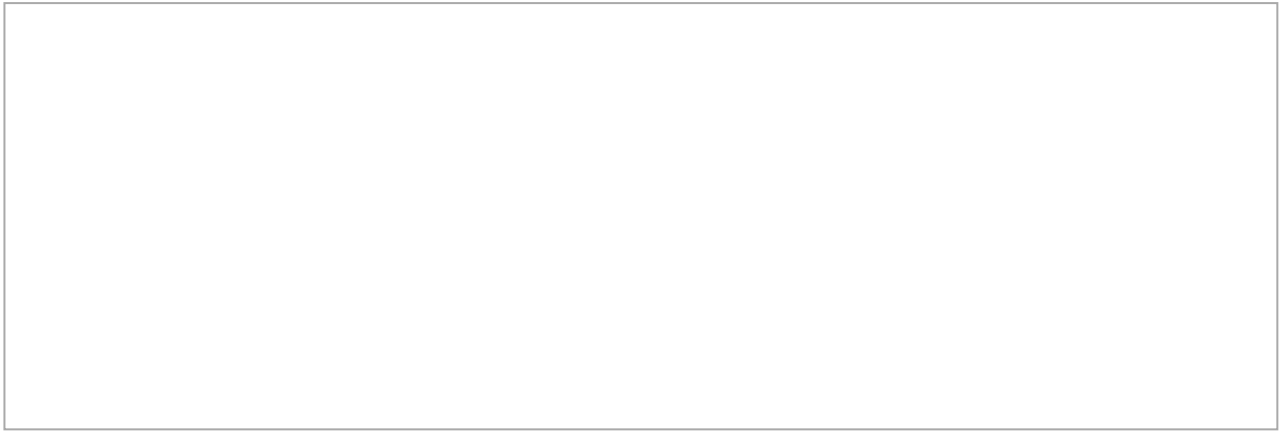

1. Thinking about one of your own recent projects or studies, how did you identify its potential negative consequences, if at all?

A large, empty rectangular box with a thin black border, intended for the user to provide their answer to the first question.

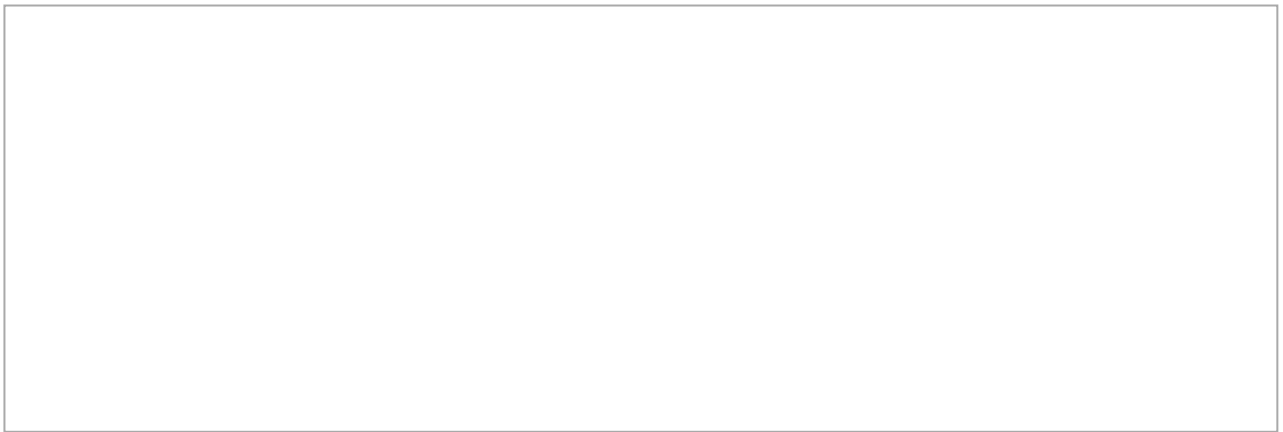

2. What did you like about using this workshop's method to identify negative consequences?

A large, empty rectangular box with a thin black border, intended for the user to provide their answer to the second question.

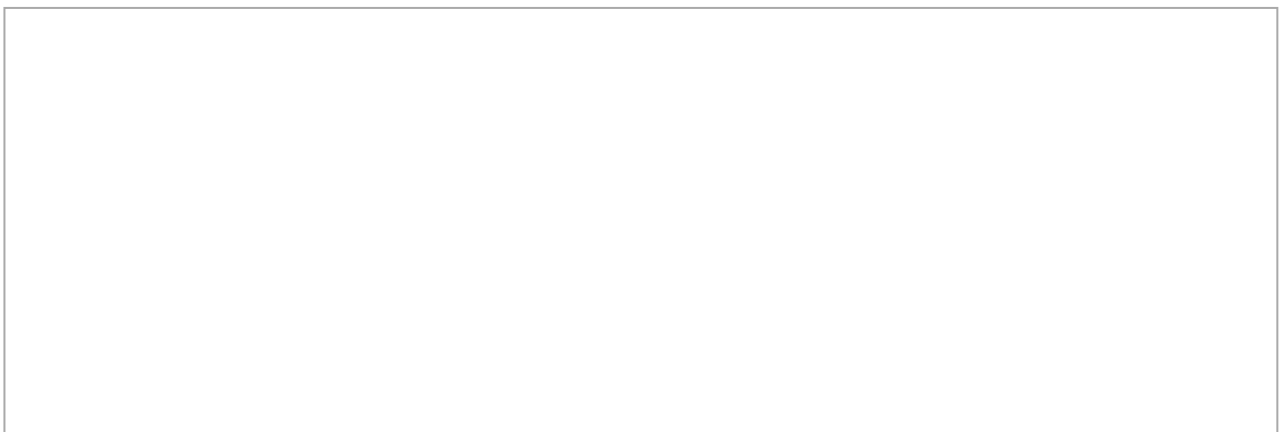

3. What difficulties arose using this workshop's method?

A large, empty rectangular box with a thin black border, intended for the user to write their response to question 3.

4. How do you think this workshop's method could be improved?

A large, empty rectangular box with a thin black border, intended for the user to write their response to question 4.

5. What would you need to be able to apply this method in your own work?

A large, empty rectangular box with a thin black border, intended for the user to write their response to question 5.

6. Is there anything else you would like to comment on or suggest?
