Research Study: Randomized Control Trial

Title of Study: A randomized controlled trial comparing the efficacy of high-fidelity simulation - based teaching (HFSBT) and video-assisted teaching (VAT) in ECG learning in a cohort of preclinical medical students.

Thank you for your interest in taking part in this research. Please complete this form after you have read the Information Sheet and/or listened to an explanation about the research study.

Please use your initials in the box right to confirm consent		
1.	I confirm that I have read the participant information sheet for the above study. I have had the opportunity to consider the information, ask questions and I have had any questions answered satisfactorily.	
2.	I understand that my participation is voluntary and that I am free to withdraw at any time without giving any reason. I understand that if I decide to withdraw, any data that I have provided up to that point will be included in the study.	
3.	I consent to the processing of my personal information [<i>Gender, age, country</i>] for the purposes of this research study.	
4.	I consent to my [<i>anonymized/pseudonymized</i>] research data being stored and used by others for future research.	
5.	I understand that the results of this activity will be used exclusively in this research project and the information I provide may be published, in any form, in any journals, research papers or conference proceedings.	
6.	I consent to being [<i>audio and/or video</i>] recorded and understand that the recordings will be stored anonymously on password-protected software and used for research purposes only. If required, the same will be provided to me within twelve months of the completion of the course assignment. This will be destroyed within one year from the completion date.	
7.	I also realize that there are no risks involved in participating in this activity, beyond those risks experienced in everyday life.	
8.	I agree to take part in this research project.
